

MAB-D600-XXXX

Industrial mini server, 6GbE Lan Port

- ◆ With Bay Trail-D/I/M serial CPU;
- ◆ CPU: J1900\J1800\E3845;
- ◆ DDR3 204 Socket Ram socket max support 8gb Ram
- ◆ 6*Intel I211AT or Intel I210 Gigabit Lan (choose one);
- ◆ Onboard 32/64/128G EMMC chipset (Optional)
- ◆ 1*RJ45 RS232 or RS485(choose one)
- ◆ 12V-19 DC Power supply;
- ◆ Factor 134*126*40.6mm

Specification

Mini Industrial Server, Desktop Platform	Model Name	MAB-D600-XXXX	
	Color	Grey	
	Size	134*126*40.6 mm	
Motherboard	Chipset	Bay trail-I/D/M serial processor chipset	
	CPU	Support Bay trail-I/D/M serial CPU (J1900, E3845)	
	Ram	Single channel DDR3 1066/1333/1600MHz, max support 8G	
	Graphics card	Intel HD Graphics	
Expansion		1*MINI-PCIE interface for loading Wi-Fi, 3G/4G modules (USB signal devices only)	
		1*MINI-SATA interface for loading SSD solid state drives	
		1* onboard EMMC 32/64/128G (optional)	
Storage	HDD	2.5inch laptop hard disk	
	SSD	SSD	
	EMMC	32/64/128G (optional)	
Function	Display output	HDMI	
	Internet Output	6*Intel I211 or Intel I210 Lan Ports	
	USB	1*USB2.0、1*USB3.0	
	Front I / O interface	1* power switch (with indicator light)	
		1* power indicator	
		1* hard disk indicator	
		1* reset button	
		1*HDMI, 1*RJ45 interface RS232	
2*USB			
Rear I / O connector	6*Intel I211 or Intel I210 high-performance Gigabit LAN 1*DC power supply interface 2*WIFI interface port		
Working temperature	-20~60℃		
Operating system	Windows7、Windows 8、Windows8.1 Windows10、Linux When using EMMC to install the system, J1900, J1800 CPU only supports Windows8.1 Windows10, and E3845 CPU supports Windows8.1 Windows10 Linux		
Power supply	DC12-19V power supply		
Certification	CE ROHS FCC		

Size Unit mm

Order information

Model	Description	CPU optional
MAB-D600-J1900/E3845	Integrated Celeron Bay trail J1900Quad core 2.0Ghz up to2.4Ghz DDR3 SODIMM 204 Socket RAM, max to 8gb Embedded 32G/64/128G EMMC chipset (optional)	J1900(Quad core) 2.0Ghz up to2.4Ghz E3845(Quad core) 1.91Ghz

Packing list

1*Mini PC
1*CD driver
1*Rack
